

## Feature Request :) Report by Payment Method

Posted by ffab - 21 Jan 2014 14:40

---

Hi,

would it be possible to have such a report included ? Order by Payment Method ? This will allow more easier control to effective income and what is reported by our extension.

I think you allready have this in your roadmap (looked in the code/sql) do you think you can make this live ? (and fix the latest bug reported by mail too 🙏)

Regards,

and thanks for the work allready done !

Great ! Payment method reports are in the latest version. Thanks for that

Would be perfect if this can be compared to customer group, but it's allready ok now !
