

PHP Fatal error in com_atend/lib/export/spreadsheet.php on line

Posted by stiponline - 15 Jan 2017 19:03

I am getting an php error in log file:

PHP Fatal error: Call to a member function get() on null in

/var/www/webroot/ROOT/administrator/components/com_atend/lib/export/spreadsheet.php on line 36

=====

Open spreadsheet.php and find on line 34

```
$sa_config =& JRequest::getVar('sa_config');
```

and replace with:

```
$sa_config =& JFactory::getApplication('sa_config')->input;
```

Regards,

Dorine
