Blank page in inventory menu
Posted by MegaQuebec - 09 Feb 2015 21:26

_____

Hi all,

Very simple : I got a blank page when I click on "Non-sold Products" or "By products" under the inventory menu of the component.

It seems to be a memory leak problem cause I got this in the error log :

mod_fcgid: stderr: PHP Fatal error: Allowed memory size of 134217728 bytes exhausted (tried to allocate 80 bytes)

Any help would be very appreciated.

Thanks!
