Everything wonderful ! but - error in export data button

Posted by magda - 11 Nov 2016 15:13

Analytic Tools:

When I try to export info pressing data button, It send me an error

Fatal error: Call to a member function get() on a non-object in /home/visualgr/public_html/promo/administrator/components/com_atend/lib/export/spreadsheet.php on line 36

What can it be ?? thanks !
